

Support pour l'innovation: Prochaines étapes de l'agenda européen des clusters

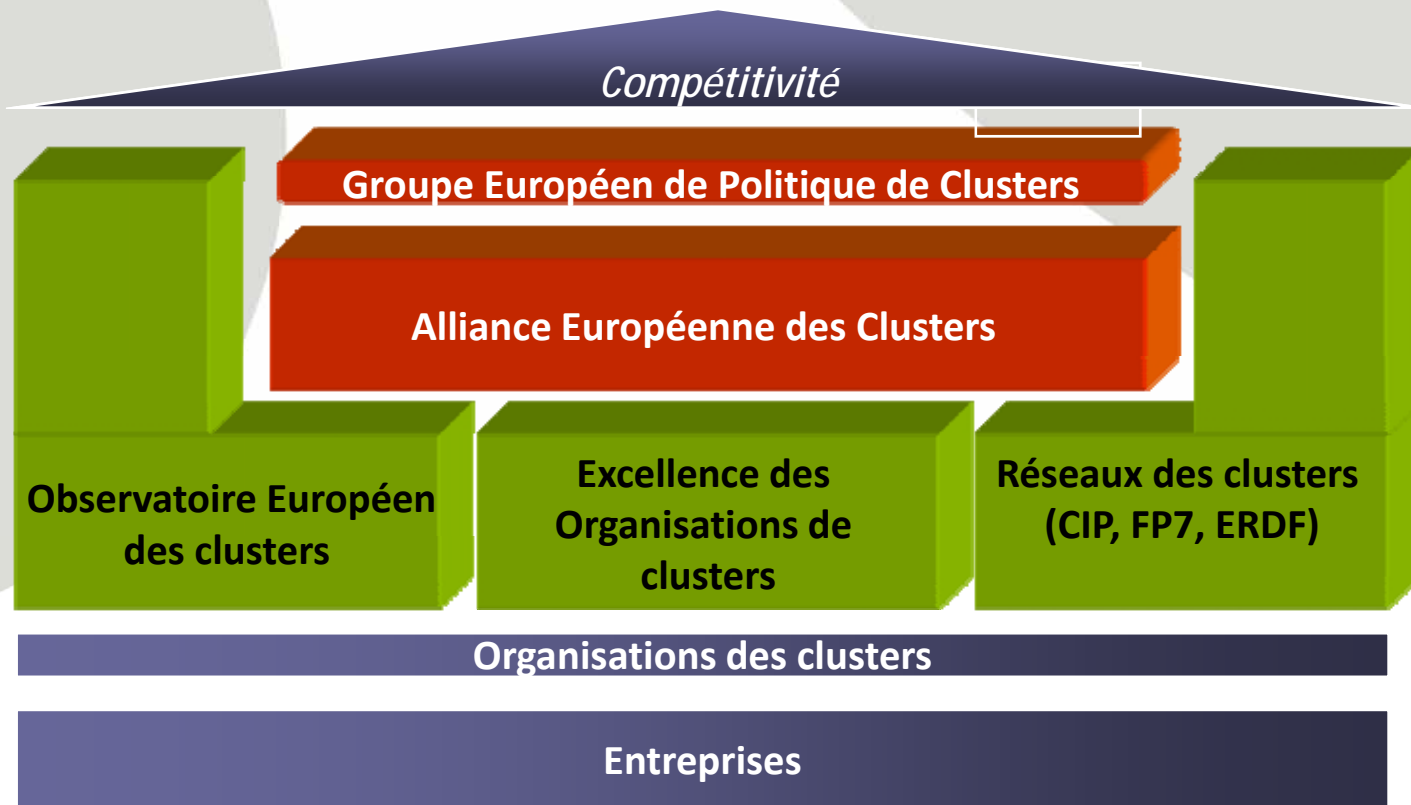

Alain LIBEROS
Chef d'unité Adjoint
Unité Support pour l'innovation

Commission Européenne
Entreprises et Industrie

1st meeting of European railway clusters
Lille, 28.05.2009

Une Stratégie européenne pour développer des clusters de classe mondiale

Alliance Européenne des clusters

- Maintenir un **dialogue politique** sur les clusters
- Développer des outils pratiques pour des décideurs politiques qui travaillent sur les clusters

Alliance Européenne des Clusters

- Travailler sur les actions politiques en faveur de l'internationalisations des clusters

Initiative sur l'excellence des organisations des clusters

Un meilleur service grâce aux meilleures organisations des clusters

- Une nouvelle initiative sous PRO INNO Europe® pour un **label de qualité**
- Un programme de formation pour les responsables des organisations de clusters
 - “**Un club européen pour les managers de clusters**”

**Excellence des
Organisations
des clusters**

The Europe INNOVA initiative

The screenshot shows the homepage of the Europe INNOVA initiative. At the top left is the logo with the text "EUROPE INNOVA" and "Partnerships for better innovation support". To the right is a navigation menu with links: Home, About Europe INNOVA, Contacts, Links, Downloads, Help Desk. Below this is a search bar with a "Search" button and an "Advanced Search" link. A secondary navigation bar contains buttons for: Innovation Watch, Innovation Panels, Cluster Mapping, Cluster Networks, Financing Networks, Standards Networks, Innovation Management, Innovation & Services, Sectors, and Related Initiatives.

The main content area features a green header for the article "Creative Crete will host the Europe INNOVA II Annual Partnering Event". Below this, there are two text boxes. The first box contains information about a "Public Consultation on Effectiveness of Innovation Support and Questionnaires - Extension of Deadline to 31 May, 2009" with a link "here". The second box states that the evaluation of the last call for proposals is expected to be finalized in the first half of June 2009, and that applicants may be invited for refinement during the period 25 May-8 June 2009.

A red-bordered box highlights the text: "This year's Annual Partnering Event will be the official launch of the second phase of the initiative and will take place from 23 to 25 September 2009. After a call for expressions of interest, the creative and resourceful city of Heraklion was selected, as the most suitable venue."

Below this, a paragraph describes Heraklion as a city with a rich history and a strong future, mentioning its role as the capital and commercial/technological center. It lists partners involved in hosting the event: Heraklion Chamber of Commerce and Industry, Region of Crete, Municipality of Heraklion, FORTH, ENISA, HCMB, the University of Crete, and Technological Education Institute of Crete.

On the right side, there are three sidebar sections: "Extranet Login" with fields for User Name and Password, and buttons for Log In, Register, and a link for "Forgot your password"; "Partner Search" with a link to "Partner Search Tool new phase of Europe INNOVA and PRO INNOVA@Europe@"; and "Publications and News" with a book icon.

At the bottom, there are three columns: "Latest News" featuring "Spark2 Europe INNOVA news" and "Newsletters of Europe INNOVA networks"; "Upcoming Events" with a link "See all available Events" and a listing for "IMP3rove training in Ljubljana on 27 May 2009"; and "Latest Results" with a link "See all available Results" and a listing for "Europe INNOVA Conference 2009 Annual Partnering Event".
